

Storyboard Overview

Note: Only the Admin and Non - Admin Home Screen will have logout functionality. Every other screen will be a new pop-up screen

A diagram of a login screen. It features a light gray rectangular area with a dark gray border. Inside, the word "Login" is centered at the top in a large, black, sans-serif font. Below it, the label "Username" is positioned to the left of a white rectangular input field. Below the input field is a small, gray rectangular button with the text "Log in" in black. Two red lines originate from the right side of the "Log in" button: one extends horizontally to the right, and the other extends diagonally down and to the right.

Login Screen (1)

**Goes To (2) if
admin login**

**Goes to (3) if non-admin
login**
